

NICOLE & MATT

HELLO BIRTH PARENTS!

we are

NICOLE & MATT

THANK YOU

FOR TAKING THE TIME TO LEARN

about us

We are so excited to grow our family through adoption again! We can only imagine how difficult this decision is for you and hope to embrace and support you throughout the entire process.

We hope that you will consider being a part of our lives and experience with us the love and joy of your baby. We are open to developing an ongoing relationship with you, in whatever ways you are most comfortable, like sharing pictures and updates, or even having in-person visits and more.

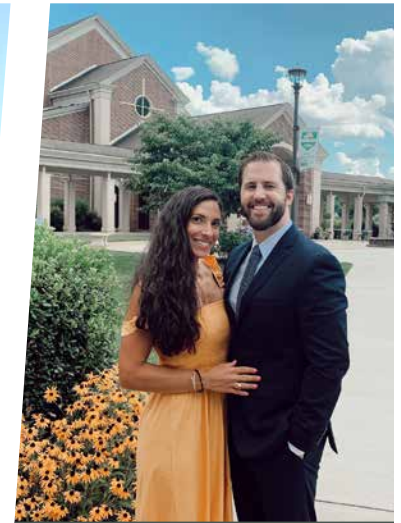

We are grateful for the opportunity to be parents through adoption. We are adopting because adoption gives us the opportunity to be parents and love your baby unconditionally. We have the means and ability to continue to grow our family. We both grew up with many siblings and love the joy family brings. We find joy in each day and would love to share that joy with you and your baby!

our LOVE STORY

WE MET THROUGH
NICOLE'S BROTHER AT A
MILITARY CEREMONY

Prior to the ceremony, her brother mentioned to Nicole that he had an awesome guy to introduce her to who had great morals and values.

Nicole replied, "That is great, but is he good looking, too?" Ha-ha, needless to say, Matt made a strong impression on Nicole.

Instead of going on a first date, Matt moved across the country for his next Army assignment. The move did not stop us from dating and we made sure to visit each other as much as possible. We learned the importance of communication in building a trusting relationship. **Fast-forward four years, we are more in love and continue to enjoy many adventures together.**

We tried to build our family since the beginning, but infertility prevented us. This helped us realize the gift of being adoptive parents. Adoption gives us the joy of supporting you while loving your baby. Colette and Gweneth bring us a greater love and happiness than we can possibly express in words. **We are enjoying a joy filled life in the NYC area by loving Colette and Gweneth, going on weekend adventures and spending time with family and friends.**

FRESH AIR & FUN ADVENTURES!

We love to get outside and go on adventures with Colette and Gweneth. We are excited to bring our new child with us as we travel to new places, eat yummy foods, and go to sporting events. We love to get in the car and drive to a beautiful area to walk around and enjoy what that area has to offer. We also like to go on runs and beautiful hikes together. We value taking Colette and Gweneth and her cousins out to the playground or the park. We love to celebrate all holidays and seasons and cannot wait to make many new memories with our new child!

INTRODUCING
NICOLE
by Matt

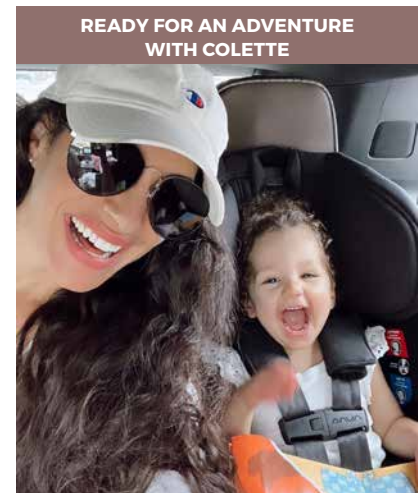

NICOLE IS THE
KINDEST AND MOST
GENUINE PERSON I
HAVE EVER MET.

Because of her, I have become a better man. She has taught me so much about empathy, patience, and love. I am very lucky to have met her and am even more blessed to be her husband.

NICOLE IS AMAZING WITH CHILDREN. Whether with Colette and Gweneth, nieces, nephews, cousins, friends, or in a school setting, Nicole's approach to all children is the same. She approaches each and every single child with loving gentleness and has a unique ability to understand and connect with them no matter the circumstance. **These truly are God-given talents and I love watching her be a joy filled mother.**

NICOLE'S CAREER

Nicole is currently a stay at home mom. She just earned her masters in School Counseling through an online program. Nicole enjoys staying home with the girls! Nicole is also a personal trainer and enjoys training clients and friends in our building's gym!

Nicole plans to stay home with our children! Once our children are in school, she will be able to be a school counselor and work school hours. That way she is there for our children before and after school.

INTRODUCING
MATT
by Nicole

MATT IS THE MOST
JOYFUL AND HAPPY
PERSON I HAVE
EVER MET!

No matter what the task is or what the day brings, he always finds joy. He is determined every day to give our children and me the best life and he puts 110% into everything that he does. He always wants to help our family, friends, or anyone who needs help. He is the most honest, caring, and giving man.

**MATT IS SO
LOVED BY ALL OF
OUR NIECES
AND NEPHEWS**

He is a fun dad and uncle who is loving and playful. Even all of our friends' kids call him Uncle Matt and love playing with him!

My favorite thing about him is that he makes me smile and laugh every day! He also always notices everything that I do and compliments me. Most importantly, Matt focuses on making sure our life is family-filled and all about getting ready for our future children.

WOW I'M SO TALL!

ABOUT MATT'S CAREER

Matt served in the U.S. Army for a number of years and has recently transitioned to his first non-military job as an investment banker in NYC. Matt is enjoying his new role and the challenges he faces every day in the workplace. He is blessed enough to be able to work from home on Friday's and home before family dinner time!

We love practicing our faith every single day! Each day we thank God for all the blessings He has given us! Our faith in Jesus teaches us to love and respect all people and to give to those in need. our HOME COMMUNITY

WE LIVE ON THE HUDSON RIVER WATERFRONT IN NEW JERSEY OVERLOOKING MANHATTAN, NYC.

We live in a three-bedroom and two-bathroom luxury apartment building that is filled with young families and pets. There is a beautiful park right outside our doorstep and several playgrounds on the apartment grounds. We have weekly kid-friendly community events, weekly food trucks, and ice cream trucks that are big hits with the children! We love that our home is in a very safe area where you can walk to parks, restaurants, and church, and see friends any time of the day. We are a short drive to Nicole's parents and enjoy seeing them often.

FAMILY & FRIENDS

WE ARE VERY CLOSE WITH OUR PARENTS, SIBLINGS, AUNTS AND UNCLES, AND COUSINS!

They are all so excited for us to be growing our family through adoption. Most of our siblings and cousins have children who are ready to meet their newest cousin! Both of our families are an important part of our lives through phone calls, texts, and visits. We live less than an hour from Nicole's parents, so we see them frequently. We make a point to see Matt's parents several times a year by getting on a plane to the West coast! We plan family summer and winter vacations every year and spend the holidays with both sides of our family. Being in the military, we have gained many friends as family across the country. We are very thankful for our loving family and friends who make life exciting!
